

EBRAHIM WORKE

ELECTRICAL & COMPUTER ENGINEER

CONTACT

+251-93 813 3800

ebrahimworkie@gmail.com

Addis Ababa, Ethiopia

LANGUAGE

- English
- Amharic

SKILLS

- Web design (Full Stack)
- Circuit Design and Analysis
- Embedded C/C++ programming
- Microcontroller (Arduino, PIC, ESP32)
- Networking and Cybersecurity basics
- IOT system development
- Effective Communication
- Project Management
- Multidisciplinary teamwork
- Leadership & problem-solving
- Time management & adaptability

ABOUT ME

Innovative Electrical and Computer Engineer specializing in embedded systems and IoT solutions, with expertise in C/C++ programming for Arduino, PIC, and ESP32 microcontrollers, circuit design/analysis, and full-stack web development. Proficient in integrating AI-driven functionalities into edge devices and IoT architectures. Combines hardware proficiency with robust software skills to deliver end-to-end systems. Proven ability to lead cross-functional projects, leveraging project management, time management, and effective communication to transform concepts into scalable, intelligent technologies.

EXPERIENCE

Internship / At Jimma university Artificial Intelligence Center

4 months

- Web and mobile App development
- As a Full-Stack Developer Intern, I designed and built responsive web and mobile apps using React, Tailwind CSS, and React Native. I developed RESTful APIs with Node.js & Express.js and managed databases using MySQL/XAMPP. Collaborated on AI-integrated applications, optimizing performance and user experience. Implemented JWT authentication and followed Agile methodologies for efficient project delivery. Gained hands-on experience with Git, debugging, and CI/CD pipelines. This internship strengthened my skills in end-to-end system development and problem-solving in a real-world tech environment.

EDUCATION

JIMMA UNIVERSITY

2021–2025

BSC IN ELECTRICAL & COMPUTER ENGINEERING

- **CGPA:** 3.42/4.00
- **National Exit Exam Score:** 78%
